

## 7.5 Work Notification

### 7.5.1 Work Notification (England and Wales)

OFTEC Registered Technicians completing any commissioning work within England and Wales ARE required to notify their work.

Details on how to notify your work can be found in the OFTEC procedures section in OFTEC Technical Book 3.

### 7.5.2 Work Notification (Jersey)

OFTEC Registered Technicians working in Jersey should notify Local Authority Building Control of any commissioning work by submitting a copy of OFTEC form CD/11 upon completion of work.

### 7.5.3 Work Notification (Scotland)

Not applicable at time of print.

### 7.5.4 Work Notification (Northern Ireland)

Changes to the Building Regulations mean that from 30<sup>th</sup> November 2006, Local Authority Building Control must be notified of any oil firing storage, installation and commissioning works (including replacement works) undertaken. Local Authority Building Control should be contacted before commencement of works for either a Building Notice or full building regulations approval.

### 7.5.5 Work Notification (Republic of Ireland)

Not applicable at time of print.

### 7.5.6 Work Notification (Guernsey)

OFTEC Registered Technicians completing any commissioning work within Guernsey ARE required to notify their work.

Details on how to notify your work can be found in the OFTEC procedures section in OFTEC Technical Book 3.

### 7.5.7 Work Notification (Isle of Man)

Not applicable at time of print.
