

OFTEC partners with GreenPro for Easy MCS and Easy PAS Plus

Easy MCS and Easy PAS Plus™ are part of GreenPro, a provider of installer registration support in the UK, delivering specialist consultancy services to installers looking to enter the ever-evolving sector. They have agreed to offer OFTEC registered businesses discounted support.

OFTEC offers MCS registration in heat pumps, biomass and solar thermal.

OFTEC offers PAS 2030 registration for the installation of oil-fired condensing boilers, heating system insulation, underfloor heating, hot water systems, warm air heating and water efficient taps and showers.

GreenPro offers unrivalled consultancy support to each installer registered for either MCS or PAS 2030, ensuring an easy and very cost-effective journey towards MCS or PAS 2030 registration. Once registered, their ongoing support helps maintain compliance throughout the year.

Both Easy MCS and Easy PAS Plus™ include:

- Personal consultant to help guide you through requirements
- Full training on the paperwork that needs to be completed
- Support on the example of work requirements, documentation and handover
- Updates to your QMS whenever there has been a change in compliance
- Newsletters including compliance updates and industry news
- Support from application through to assessment with OFTEC.

Easy MCS also includes:

- Access to the GreenPro Installer Toolkit, covering design calculations on the major renewable technologies
- Bespoke Quality Management System designed around your business, MCS standards and your chosen Consumer Code.

Easy PAS Plus also includes:

- Bespoke Quality Management System designed around your business and the PAS 2030 standards

OFTEC registered businesses save £50 on Easy PAS Plus or Easy MCS membership fees – see pricing and joining information below.

Pricing (based on an annual subscription):

- Easy MCS registration support - £625+VAT standard price (1 technology), £575+VAT following OFTEC discount.
- Easy PAS Plus registration support - £525+VAT standard price (4 measures), £475+VAT following OFTEC discount.
